Attendance: 531

We have decided to remarry after being divorced for 6 months and married for 12 years.

We were fighting constantly, even on the way here. This opened my eyes to being grateful for my husband as God's provision for me, respecting him even when he doesn't earn it and encouraging him to feel empowered to lead our marriage.

WTR provided excellent guest speakers, worthy guidance, and user-friendly workbooks as a helpful resource for the foundation of our marriage. I'm excited to embark on this journey with my fiancée and future family.
Pre-married

It came at the right time to help us while we were recovering from huge problems. It recreates in us the urge to let God take over our life and marriage.

We renewed our vows and will continue to seek God and His guidance, and leave a legacy for our three kids.

Sharper focus and scope for the responsibilities I will have as a husband.
To be married in November 2018

We are more committed to our marriage of 34 years and I want to individually and as a couple work on areas that need improvement. We feel more love for each other.

Made us realize neither of us are perfect. We all make mistakes, but God is bigger than those mistakes and has an amazing plan for our marriage and family if we put our trust in Him.
Married 6 years

As a new married couple, it addressed issues we have not faced and gave us tools to help. It also uncovered topics that we passed over.

This is the 2nd time we are able to attend a Weekend to Remember. Both times our marriage has been in a good place yet both times we were able to take it to a whole different level. This is the best thing we ever did for our marriage. Thank you FamilyLife for being in our lives.

My husband and I feel closer, more relaxed, and I feel like I have learned ways to love him best and focus on our marriage, on God and on His design.
